# Developer Tweets

[Vitto Rivabella](#) on Twitter: "As a developer, the first thing a customer wants to see is your portfolio. If your works are not well presented, you might lose a customer and money. How do you create a portfolio that converts and doesn't miss a shot? 8 tips to showcase your projects like a pro. A Thread ↓" / [Twitter](#)

[Seb](#) on Twitter: "LINUX COMMANDS FOR MONITORING SYSTEM PERFORMANCE Hey every finally BACK with another Linux thread! Today I will be going over basic commands you can use to monitor system performance!" / [Twitter](#)
